**W**hen you were six years old, what was your favourite book?

It might surprise you to learn that for many thousands of years, there weren't books for children! There were stories like *Robin Hood*, *The Odyssey* or *King Arthur*—but only adult versions with no pictures. In the 1600s, there was a change: there were educational and religious books just for children.

Then, in the 1700s, there were fun books for children, with more illustrations and younger characters. In the 1800s, writers like Hans Christian Andersen and the Brothers Grimm collect, for the first time, popular fairy tales for children. But Lewis Carroll's *Alice's Adventures in Wonderland*, from 1865, marks the beginning of the first golden age of children's literature.
