4 Read about Harry Potter's routine at Hogwarts School and answer true (T) or false (F).

This boy is called Harry Potter. His best friends are Ron Weasley and Hermione Granger. They study together at Hogwarts School of Witchcraft and Wizardry. Hogwarts is an excellent school of magic in Scotland. There are about 600 students and 25 teachers at Hogwarts. They have got classes in the morning and in the afternoon. On Monday and Wednesday mornings, they have got Herbology and Potions classes. They eat lunch at noon and then they have got Quidditch practice (a sport played on broomsticks) in the afternoon. All the students at Hogwarts love Quidditch.

On Tuesdays and Thursdays, they study History of Magic and on Fridays they have got Astronomy and Defence Against the Dark Arts in the morning. They have got no classes on Friday afternoons because it is their free time. The students can study in their rooms or in the library during their free time, and in the evening they can meet other students and socialise after dinner.

They can go to bed a little later than usual on Friday nights. At weekends they can play sports, have fun and rest. Hogwarts is definitely a fabulous school!
