3. Read about Jason and write questions for the answers. (5 x 0.2 =1)

I work at a video games shop every day from ten to six. At midday, I have lunch with my sister. We often go out for lunch and relax for a while. We like going to an Italian restaurant. I love eating pasta there because my sister never cooks it at home. As I live near my workplace, I walk to work and do some exercise at the same time. After work, I always meet my friends and we very often go running in the park together. The rest of the days, I usually go swimming. I go to bed before midnight. Before going to bed, I always play online and check my social networks.
