## TRACK 4 - Transcript

**Speaker:** Speaker 1, Mike

**Mike:** *My room is my world. It's the place where I relax, read, listen to music, chat with friends and... um... I can't forget...study too. I love listening to music. When you see my room, you will know what my other interests are. There are posters on the wall with my favourite sports stars. My skateboard's always next to the door and I have a closet where I keep my clothes and my tennis racket. The walls are light green and the blinds are dark green – the same colour as my bedspread – and the carpet is dark blue.*

**Speaker:** Speaker 2, Katie

**Katie:** *My room's not very big, but I love it. There's a single bed with lots of colourful cushions on it, and next to the bed there's a bedside table with a lamp. There's a desk for my computer with some drawers where I keep my things: my sticker collection, pens, pencils and everything. I love taking pictures and so I have lots of picture frames on the shelves. The walls are white and the curtains are purple. It's not a really romantic room like lots of my friends' rooms, but it's very practical.*
