MY PREDICTIONS FOR 2050

- Computers will learn to think like humans. This means that they will help humans do some jobs.
- We will have superfast trains. Flying cars, however, will probably be invented after 2050.
- We will have virtual experiences. These experiences will feel real, but won't be. For example, you will be able to watch your favourite football team play in a stadium even though you're not really there!

According to the author of the text,

1. computers _____ help people at work.
2. flying cars _____ exist in 2050.
3. we _____ have virtual experiences that will feel real.

From: Luisa
Subject: Next Summer

Hi!

I have got some exciting news! My parents told me I can visit you next summer! Are there any nice places to visit in the countryside close to your town? What can we see and do there? What if it rains? What can we do in your house?

I can't wait to see you soon,
Luisa

To: Luisa
