2 Read and answer the questions. (8 x 0.25 = 2)

This is Rick's house. Rick is my virtual character on a life simulation game. I designed a huge house for him, I love big places! It's by the sea and it's got a beautiful garden. There's a garage for two cars. There's a fabulous kitchen and a dining room next to it.

The living room is very comfortable with a sofa between two white lamps, a bookcase, a big smart TV, a lovely rug under a coffee table and a huge window with a sea view. There are two bedrooms: one for Rick and other one for occasional guests. And of course, three bathrooms. In Rick's bedroom there's a beautiful bed with some cushions on it. There's a rug under the bed, a wardrobe and a desk. And on Rick's desk there's a super trendy laptop, a lamp and a vase of flowers. There are many pictures on the bedroom walls. I just love Rick's house.
