Hi! This is my pet Jimmy. Isn't it cute? It's a sugar glider! Known as pocket pets, sugar gliders are cuddly, tiny creatures that will bring plenty of joy to your life. They are incredibly playful, loyal and they can be taught numerous tricks. The sugar glider is one of the best exotic pets for both families with older children and singles. Keep in mind that sugar gliders are nocturnal by nature and they like to stay up at night. They eat eucalyptus trees, nectar, pollen, fruits and insects. Tell me about your pet!
