### TRACK 2 - Transcript

**Steven:** *Hi! My name is Steven. I'm an app developer and I usually work at home. I get up at 7 a.m. and have breakfast with my wife. Then, she leaves home to go to work. She's a secretary in a company that is far from our house. We haven't got a car so she takes the bus. After she leaves, I walk the dog and then I go back home to work. At noon, I sometimes have lunch at home or I meet friends who work in my neighborhood and have lunch together at home or at a restaurant nearby. In the afternoon, my wife comes back home from work and we go walking in the park to relax a bit. Then she takes yoga classes online and I have got basketball practice at the gym. After that, we often go shopping for food and then I make dinner. Then we watch TV before going to bed. What about you? What's your daily routine like?*
